

Car-refinishing

Single side and double side tapes can cover all the needs of car painters in protecting, masking and bonding.

	Features	Application
PE FOAM	<i>Product Type:</i> Filmic Tape <i>Adhesive:</i> Acrylic <i>Substrate:</i> BOPP Film + PE FOAM <i>Functions:</i> Barrier <i>Thickness:</i> 2mm	Replacing barrier foam inside car doors
PE FILM	<i>Product Type:</i> Filmic Tape <i>Adhesive:</i> Acrylic <i>Substrate:</i> PE Film + paper liner <i>Functions:</i> Barrier <i>Thickness:</i> 0.120mm	Replacing barrier film inside car doors
PE GLASS	<i>Product Type:</i> Filmic Tape <i>Adhesive:</i> Acrylic <i>Substrate:</i> Substrate:PE Film <i>Functions:</i> Masking <i>Thickness:</i> 0.190mm	Protection of dashboard during glass replacement.
PE 100M	<i>Product Type:</i> Filmic Tape <i>Adhesive:</i> acrylic <i>Substrate:</i> Substrate:PE Film <i>Functions:</i> Barrier <i>Thickness:</i> 0.110mm	Replacing barrier film inside car doors.
PRO GRIP	<i>Product Type:</i> protective tape. <i>Adhesive:</i> water-based acrylic <i>Substrate:</i> PP <i>Functions:</i> anti-slip protection <i>Thickness:</i> 240 my	Anti-slip soil protection.
ALUMASK	<i>Product Type:</i> Non adhesive <i>Adhesive:</i> Acrylic <i>Substrate:</i> Aluminum + PVC Foil <i>Functions:</i> Protection <i>Thickness:</i> 0.200mm	Protect the interior of the car from sparks when welding.
LOGOTAPE	<i>Product Type:</i> Transfer <i>Adhesive:</i> Solvent Acrylic <i>Substrate:</i> none <i>Functions:</i> Fixing <i>Thickness:</i> 0.5mm	To recover signs and emblems
F121S	<i>Product Type:</i> Black PE foam tape <i>Adhesive:</i> Solvent Acrylic <i>Substrate:</i> Black PE Foam <i>Functions:</i> mounting <i>Thickness:</i> 1mm	Mounting and replacing emblems.

	Features	Application
Masking 80	<i>Product Type:</i> Masking Tape <i>Adhesive:</i> Natural Rubber <i>Substrate:</i> Saturated Paper <i>Functions:</i> Masking <i>Thickness:</i> 0.115mm	Industrial grade masking tape.
Masking 100	<i>Product Type:</i> Masking Tape <i>Adhesive:</i> Natural Rubber <i>Substrate:</i> Saturated Paper <i>Functions:</i> Masking <i>Thickness:</i> 0.120mm	Automotive and Premium grade masking tape.
Masking 154	<i>Product Type:</i> Masking Tape <i>Adhesive:</i> Natural Rubber <i>Substrate:</i> Saturated Paper <i>Functions:</i> Masking <i>Thickness:</i> 0.120mm	High temperature and waterproof masking tape.
GOLD	<i>Product Type:</i> rice paper masking tape <i>Adhesive:</i> solvent acrylic <i>Substrate:</i> rice paper <i>Functions:</i> masking <i>Thickness:</i> 0.100mm	Premium masking tape
ELECTRICAL PVC	<i>Product Type:</i> insulating tape <i>Adhesive:</i> Natural Rubber <i>Substrate:</i> Plasticized PVC <i>Functions:</i> insulating <i>Thickness:</i> 130 my	Cable insulation, coding and bundling.
D240	<i>Product Type:</i> Duct Tape <i>Adhesive:</i> Natural Rubber <i>Substrate:</i> PE Film + Gauze <i>Functions:</i> Sealing <i>Thickness:</i> 0.240mm	Premium grade duct tape.
PIB 50	<i>Product Type:</i> Self-Amalgamating Tapes <i>Adhesive:</i> Not Applicable <i>Substrate:</i> PIB Rubber <i>Functions:</i> Corrosion Protection, Electrical Insulation, Sealing <i>Thickness:</i> 0.5mm	Moisture protection and electrical insulation in multiple applications.
A 25 CLEAR	<i>Product Type:</i> High Strength <i>Adhesive:</i> Acrylic <i>Substrate:</i> Pure Acrylic <i>Functions:</i> Replaces Mechanical Fixing <i>Thickness:</i> 0.25mm	Building, automotive, transport and advertising industry long term fixing Red hdpe liner, clear colour.
A 50 CLEAR	<i>Product Type:</i> High Strength <i>Adhesive:</i> Acrylic <i>Substrate:</i> Pure Acrylic <i>Functions:</i> Replaces Mechanical Fixing <i>Thickness:</i> 0.50mm	Building, automotive, transport and advertising industry long term fixing Red hdpe liner, clear colour.
A 100 CLEAR	<i>Product Type:</i> High Strength <i>Adhesive:</i> Acrylic <i>Substrate:</i> Pure Acrylic <i>Functions:</i> Replaces Mechanical Fixing <i>Thickness:</i> 1mm	Building, automotive, transport and advertising industry long term fixing Red hdpe liner, clear colour.
A 125 BLACK	<i>Product Type:</i> High Strength <i>Adhesive:</i> Acrylic <i>Substrate:</i> Pure Acrylic <i>Functions:</i> Replaces Mechanical Fixing <i>Thickness:</i> 0.8mm	Building, automotive, transport and advertising industry long term fixing Red hdpe liner, clear colour.
A 143 GREY	<i>Product Type:</i> High Strength <i>Adhesive:</i> Acrylic <i>Substrate:</i> Pure Acrylic <i>Functions:</i> Replaces Mechanical Fixing <i>Thickness:</i> 0.8mm	Building, automotive, transport and advertising industry long term fixing Red hdpe liner, clear colour.

	Features	Application
A 145 WHITE	<i>Product Type:</i> High Strength <i>Adhesive:</i> Acrylic <i>Substrate:</i> Pure Acrylic <i>Functions:</i> Replaces Mechanical Fixing <i>Thickness:</i> 1mm	Building, automotive, transport and advertising industry long term fixing Red hdpe liner, clear colour.
ANTI-SKID TAPE	<i>Product Type:</i> coarse tape <i>Adhesive:</i> Solvent Acrylic <i>Substrate:</i> paper + corundum <i>Functions:</i> anti-skid <i>Thickness:</i> 0.30mm	Long lasting tape for slippery soil. Available in different colours, also striped.
PAPER MASKER	<i>Product Type:</i> masking system <i>Adhesive:</i> Natural Rubber <i>Substrate:</i> HDPE film and paper masking tape <i>Functions:</i> masking <i>Thickness:</i> 0.120mm	Masking and protection
CLOTH MASKER	<i>Product Type:</i> masking system <i>Adhesive:</i> Natural Rubber <i>Substrate:</i> cloth and masking tape <i>Functions:</i> masking <i>Thickness:</i> 0.120mm	Masking and protection
ALU50	<i>Product Type:</i> aluminum tape <i>Adhesive:</i> water-based acrylic <i>Substrate:</i> 50 my aluminum foil <i>Functions:</i> joining and bundling <i>Thickness:</i> 80 my	Fastening, joining and bundling insulating products.
